

December 2013

Informe misionero de San Luis Rio Colorado Sonora, México.

I am happy to let you know again something from our work here.

Lasts weeks we worked on built a new room hall at church, thanks by work from Pastor Don and Connecting Generations and LBCM we made this project thru, when I was looking all work, I remember one time my father says "someday we will be building a second plant" now I understand he seen through faith eyes, now we will be using this new rooms for special activities, for example sewing workshops for ladies, and other ideas that I have in mind, for example, cocking workshops, musical classes, all this to promote social work to need people but bring a new chance to see what Lord can Do through our churches hands and his Gospel in Jesus Christ.

We keep sharing news from our savior, we continue all Tuesday noon with catechism class, Wednesday noon contemporaneous services, Friday youths meeting, and Sunday worship.

We keep attending independencia mission and we are praying to will be at the other missions.

Next Sunday we will have our Mexican Posada (Christmas party) at church, we will have tamales, beans, rice, and of course presents for kids.

By other way we will have two baptisms tomorrow, Praise the Lord!

Last week I went to Mexico City, to took our first class from Luther Academy, was really great hear from Dr. Roberto Bustamante, Director from Concordia Seminary at Buenos Aires Argentina our first class Lutheran Confessional Identity, we learn a lot, we will have another one class on February at Matamoros Mexico, we are not sure if will be Church Beginning or maybe Liturgy. All this is possible through LCMS, thanks to Lord for this big blessing!

At that meeting on Mexico City, we had important visits from LCMS directors, we receive LCMS Vice-president, Directors from Concordia Seminary Fort Wayne, Luther Academy Board Directors, Directors from Concordia Seminary in Buenos Aires, World Missions Directors boards, Pastor Ted Krieg director from Latin America Mission and director of mission in Mexico Pastor Arthur Rickman, all of this people with porosity to restart formal communion with our synod and search way to help us!
